

ARIA

Durable and Energy-Saving Wrapper for Handkerchief Packs

Maximum speed
up to 50 bundles/min

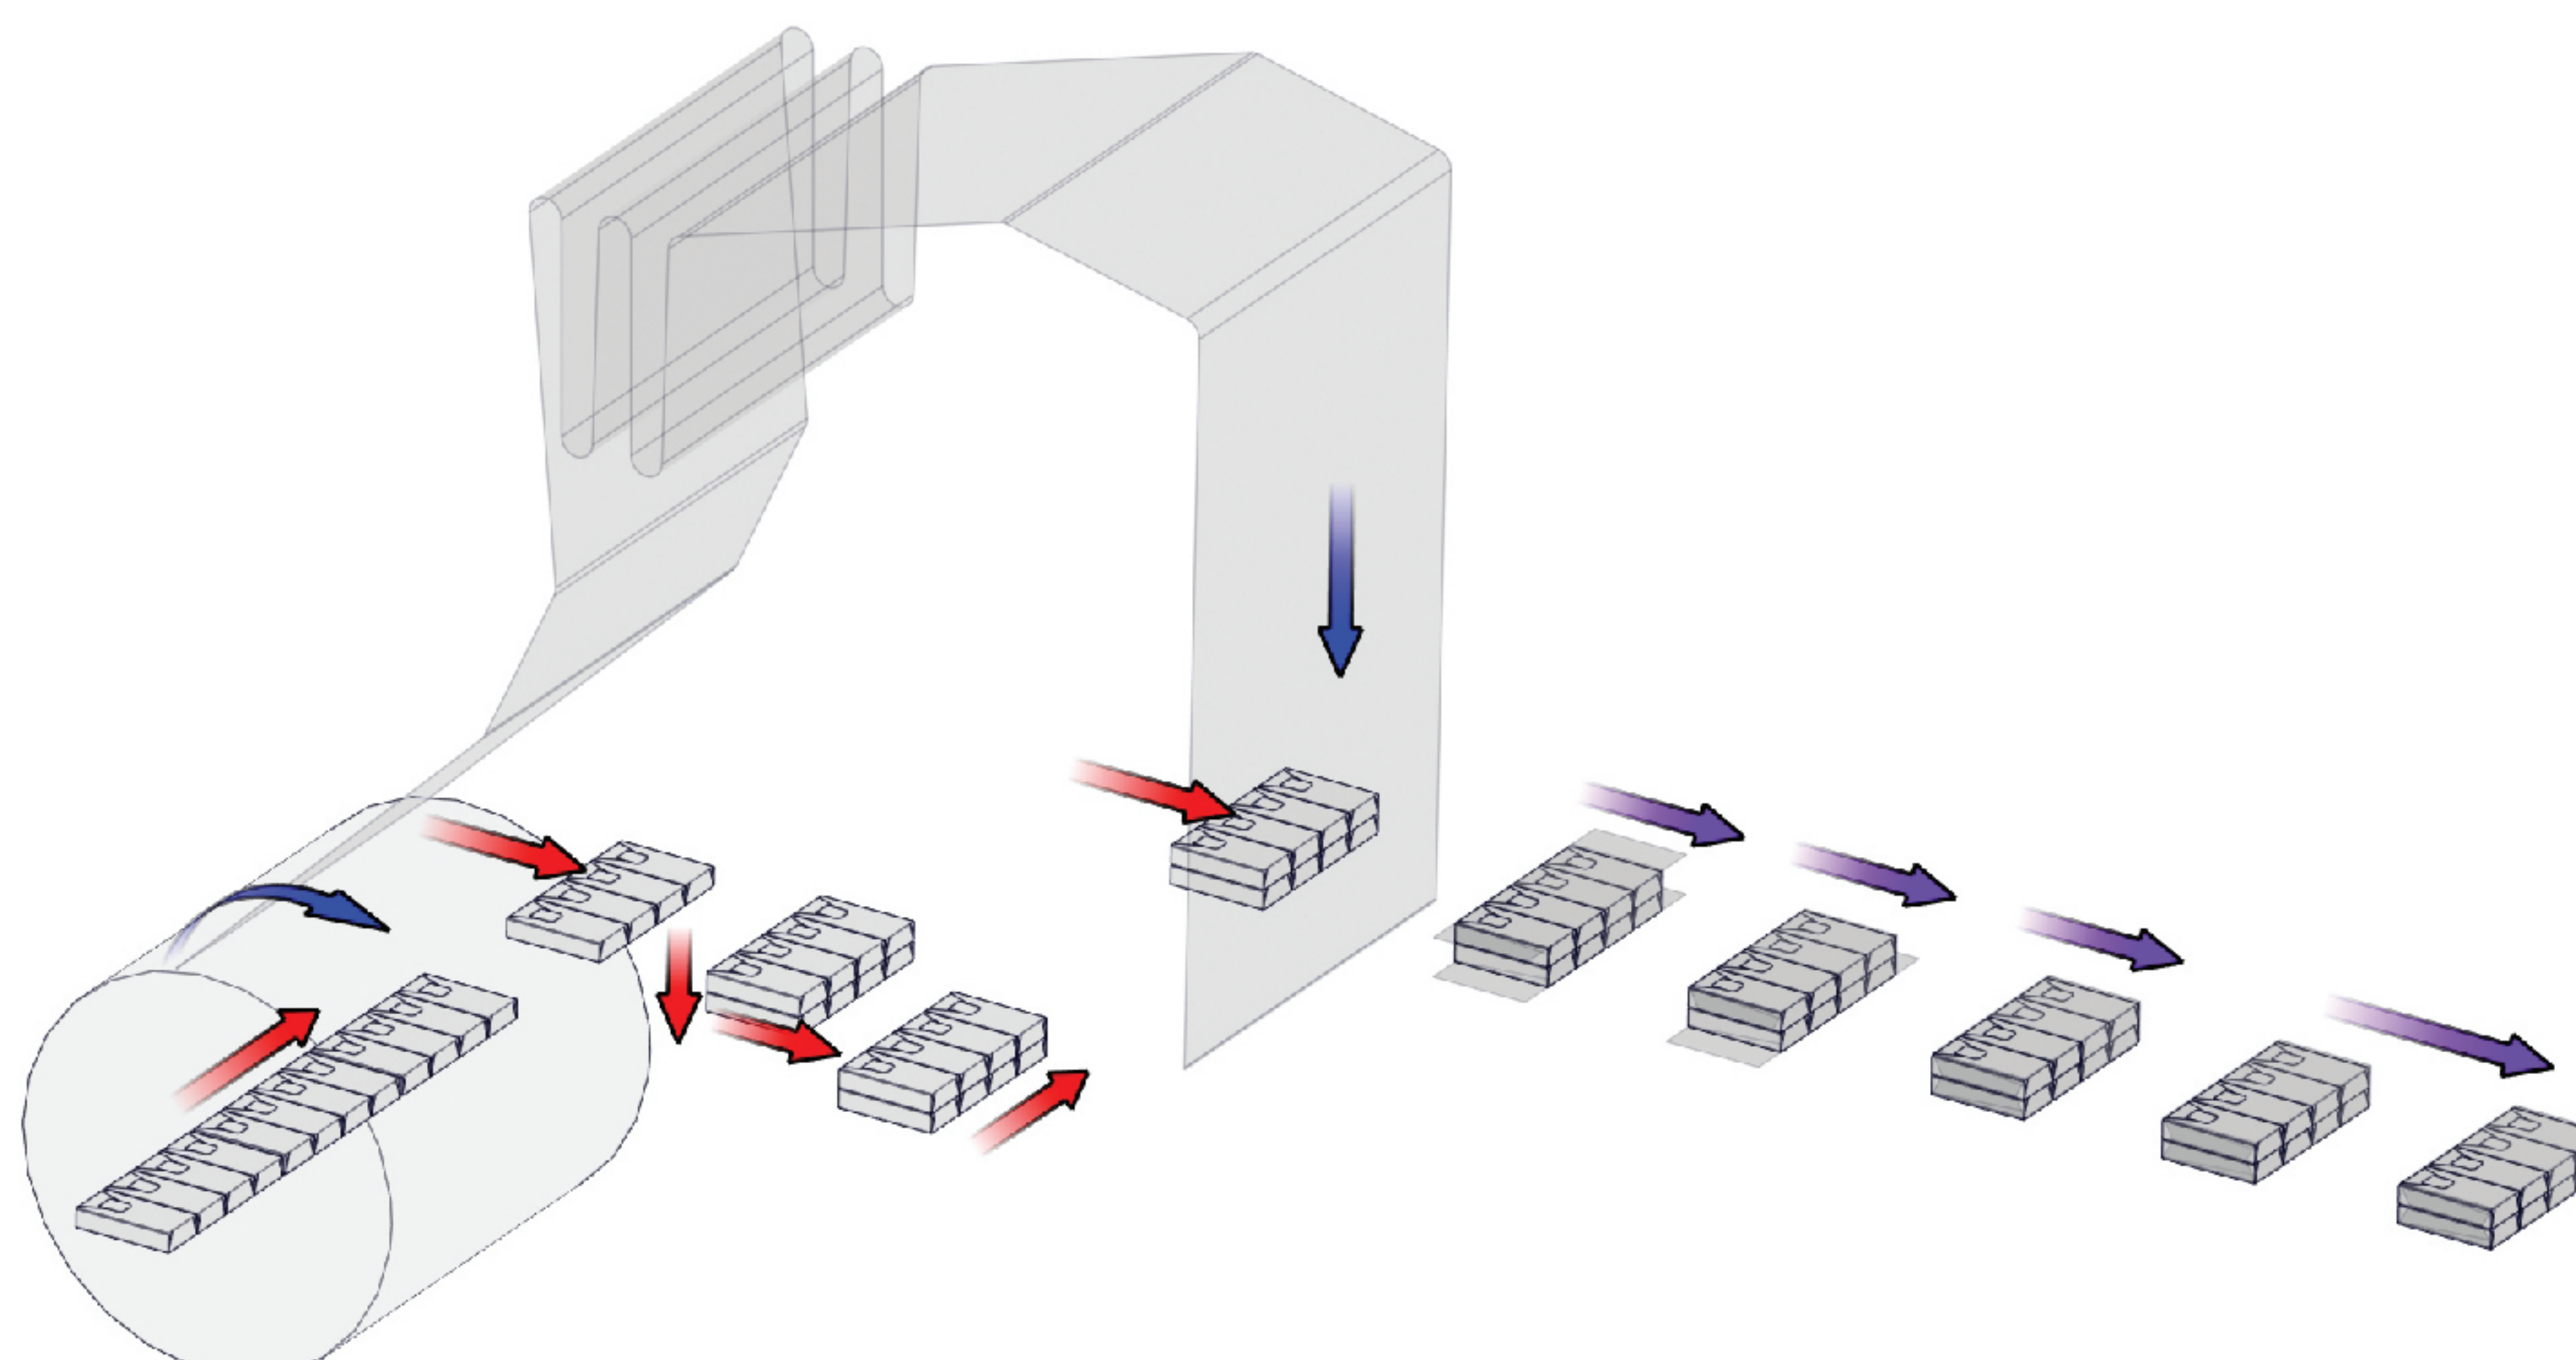

ARIA is an automatic packaging machine for collective wrapping of handkerchiefs. This is fully servo driven, simple, reliable and durable handkerchief collective wrapper. It can pack from small packages of 4 packs up to family package of 36 (48) individual packs. As addition to above mentioned, this machine is extremely energy efficient due to low consumption of electrical energy and compressed air.
